DEC 5

UNWRAPPING MUSIC

December is the month of gifting.
Whether you are giving
someone a poem,
a home-cooked meal,
or a present. The essence is about
care and togetherness.
Connections are vital to us
and therefore we are sending you
this gift today.

While theatres had to shut doors,
Tomoko Mukaiyama and cinematographer
Reinier van Brummelen
collaborated on a series of
Livestream concerts
from several empty venues in Amsterdam.
We invite you to enjoy their first
collaboration from *het Muziekgebouw*
for free.

Shared traditions make room for
shared humanity; an equal emotion.
Unfortunately, this year's
annual musical gathering
on December 5 had to be postponed.
Nevertheless, we are continuing
a revised edition of the DEC 5 concerts.

to watch for free
only on Saint Nicholas day (Dec. 5).
Please enjoy, share, regift,
and watch Tomoko perform
La Mode (piano and electronic)
by Yannis Kyriakides as many times
as you wish on this
Dutch national holiday.

Let's celebrate the holidays
touchless-ly, but not alone.
